

Website Testing Peer Assessment Checklist - Version 1

Tester Name: Melody

Date: 8/3/2026

Version Tested: Showcase Version 1

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[NO] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 5/6

Feedback: The contrast is good and the text is readable. However, the title area feels a bit plain and unbalanced—you should change the background in the header area to a Minecraft-related image.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[YES] Responsive – Works well on a desktop screen.

Score: 5/5

Feedback: All links work correctly to open the mob pages without broken links or missing images.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[YES] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 4/4

Feedback: The page layout is straightforward and easy to navigate for users.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Clear objective for new Minecraft players.

Website Testing Peer Assessment Checklist - Version 1

Tester Name: Yali Shi (My mum)

Date: 8/3/2026

Version Tested: Showcase Version 1

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[YES] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 6/6

Feedback: The overall layout looks nice and neat. The dark background with light text is very readable.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[NO] Responsive – Works well on a desktop screen.

Score: 4/5

Feedback: Buttons and links respond well, but when zooming or resizing the window, some text shifts slightly low.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[YES] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 4/4

Feedback: Very clear for a beginner. The large pictures make it easy to identify each monster.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Helpful guide on how to survive hostile mobs.

Website Testing Peer Assessment Checklist - Version 1

Tester Name: Gemma

Date: 8/3/2026

Version Tested: Showcase Version 1

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[NO] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 5/6

Feedback: The grid of mob images looks cool and well-aligned, but adding a Minecraft theme/banner image in the top header section would make it look much better.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[YES] Responsive – Works well on a desktop screen.

Score: 5/5

Feedback: All navigation links work seamlessly and images load quickly.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[YES] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 4/4

Feedback: The information is structured logically, making it very easy to look up how to beat each mob.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Great concept and useful combat tips for new players.
