

Website Testing Peer Assessment Checklist - Version 3

Tester Name: Teo

Date: 8/6/2026

Version Tested: Showcase Version 3

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[YES] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 6/6

Feedback: The header banner and image grid layout look complete and well-aligned.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[YES] Responsive – Works well on a desktop screen.

Score: 5/5

Feedback: The cross-links between Zombie and Drowned work perfectly.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[NO] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 3/4

Feedback: It would be better to include a clearer description for the hostile mobs—for instance, explicitly labeling sections with headings like Base stats, Mob characteristics, and Suggestion to help readers scan quickly.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Great combat strategies for players.

Website Testing Peer Assessment Checklist - Version 3

Tester Name: Chloe

Date: 8/6/2026

Version Tested: Showcase Version 3

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[YES] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 6/6

Feedback: The overall dark visual presentation is very clean and consistent across all pages.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[YES] Responsive – Works well on a desktop screen.

Score: 5/5

Feedback: All subpage links and back navigation buttons function as intended.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[NO] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 3/4

Feedback: The text on the mob pages is informative, but adding clear labels or subtitles (like stats and combat tips) would make reading much easier for beginners.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Very helpful website content!

Website Testing Peer Assessment Checklist - Version 3

Tester Name: Melody

Date: 8/6/2026

Version Tested: Showcase Version 3

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[YES] Balance – Not too crowded or too empty.

[NO] White Space – Enough empty space around text and images.

Score: 5/6

Feedback: The header background looks much better now! The mob details are very rich.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[YES] Responsive – Works well on a desktop screen.

Score: 5/5

Feedback: Navigation is smooth, and the related mob links work as expected.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[NO] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 3/4

Feedback: The back/related links at the bottom left are not very easy to spot when reading. You could move these links to the bottom right of the interface so they stand out better.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Excellent progress through the iterations!
