

Website Testing Peer Assessment Checklist - Version 2

Tester Name: Terence

Date: 8/4/2026

Version Tested: Showcase Version 2

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[YES] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 6/6

Feedback: The new Minecraft header banner looks much better! The overall visual balance is clean and fits the theme very well.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[NO] Responsive – Works well on a desktop screen.

Score: 4/5

Feedback: Main navigation works well, but since Zombies and Drowned are essentially the same type of creature, you could link the two html pages directly together for smoother browsing.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[YES] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 4/4

Feedback: Finding details on each monster is very easy, and the pages look complete.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: The site is becoming much more complete and engaging.

Website Testing Peer Assessment Checklist - Version 2

Tester Name: Jack

Date: 8/4/2026

Version Tested: Showcase Version 2

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[YES] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 6/6

Feedback: Great improvement on the title background image. It gives the site an authentic Minecraft feel.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[NO] Responsive – Works well on a desktop screen.

Score: 4/5

Feedback: All current links work smoothly, but adding cross-links between related mobs (like Zombie to Drowned) would improve page connectivity.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[YES] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 4/4

Feedback: The site structure is simple to understand and user friendly.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Good overall content and clear gameplay advice.

Website Testing Peer Assessment Checklist - Version 2

Tester Name: Yuki

Date: 8/4/2026

Version Tested: Showcase Version 2

1. Aesthetics – How does it look?

[YES] Contrast – Text is clear and easy to read.

[YES] Alignment – Everything is lined up neatly.

[YES] Proximity – Related items are close; unrelated items have space.

[YES] Consistency – Same fonts, colours, and styles across pages.

[YES] Balance – Not too crowded or too empty.

[YES] White Space – Enough empty space around text and images.

Score: 6/6

Feedback: The dark mode contrast is very comfortable to read, and image alignment is consistent across all subpages.

2. Functionality – Does it work?

[YES] Links – All links work and go to the right place.

[YES] Navigation – Menus and buttons take you where expected.

[YES] Scrolling – You can scroll without problems.

[YES] Page Load – No errors; all images and text appear.

[NO] Responsive – Works well on a desktop screen.

Score: 4/5

Feedback: Everything works as expected. Adding direct html links between zombie.html and drowned.html would be a nice detail to add.

3. Usability – Is it easy to use?

[YES] Readability – Text is big enough and easy to read.

[YES] Accessibility – Clear headings, alt text for images, good contrast.

[YES] Find Info – Information is easy to find.

[YES] User Friendly – Feels welcoming and clear.

Score: 4/4

Feedback: Very practical guide for beginners trying to learn Minecraft mob weaknesses.

4. Bonus Criteria (Optional)

[YES] Purpose – Easy to see what the site is about.

[YES] Engaging – Makes you want to explore more.

[YES] Spelling – No big spelling or grammar mistakes.

Score: 3/3

Feedback: Well designed and easy to follow.
